What is a Choral Dialectic?

A “choral dialectic” is a four-movement choral work (with or without instruments) in which a rational argument about any subject is battled-out musically. There’s only one rule: every choral dialectic must use the following four titles for its four movements:

1. “**PRINCIPLE**”

Each dialectic begins with a statement of some sort. This will be the subject matter for the entire work. Oftentimes the statement is an ideal - an expression of how something might be in a perfect world.

2. “**ARGUMENT**”

In this movement, the “Principle” begins its journey through the meat grinder. The Argument’s job is to pick apart the principle, either supporting it or challenging it.

3. “**COUNTERARGUMENT**”

In this movement, the “Principle” gets supported or challenged again, but this time from a contrasting perspective. If the previous argument was sweet, this one will probably be sour. If the previous was about abundance, this one will probably be about scarcity.

4. “**RESOLUTION**”

Now that the “Principle” has been analyzed from different angles, some sort of final understanding will have to emerge. Maybe there will be growth, a new way of being, a new way of living in the world, a new “Principle”. Or maybe not.

The key signature has two sharps (F# and C#). The melody for all parts is identical. The lyrics are: "Things are the way they are, _____ and not the way they're not. _____ Things". Chords are indicated above the staff: D, Gmaj7, Em7, F#m, B7, Em7, A, A7, D.

Recent Works by Secretary Michael

Jo Puma - Wild Choir Music

Collection of 36 traditional “Sacred Harp” arrangements with new secular lyrics for our diverse society. This collection has removed the 3 barriers that have kept this music out of our schools: inappropriate lyrics, poor shape-note legibility, and nonstandard use of standard solfege names. Now we all have a chance to experience this exciting early American music. (Book available; check for free download: www.machinistsunion.org/works.html)

Secular Hymnal

Collection of 144 favorite hymn tunes from around the world. The hymn tunes have been re-notated and given thoughtful egalitarian lyrics that promote peace. Many public schools use them for choral sight-reading practice. Available in both unison/guitar and SATB choir editions. Now we all have a chance to share in these musical treasures. (Books available; check for free download: www.machinistsunion.org/works.html)

Twimfina

A peace-themed musical play for singing groups of all ages. The story is about a young woman named “Twimfina” (an acronym for “The World Is My Family, I’m Not Afraid”) who runs off to a hostile country. It is scored for voice and piano. The play is divided into 21 segments, many of which can stand alone. This allows an acting group to perform individual segments instead of the entire 2.5 hour play. (Book available; check for free download: www.machinistsunion.org/works.html)

Choral Dialectics

A “choral dialectic” is a 4-movement choral work (with or without instruments) in which a rational argument is battled-out musically. There’s only one rule: every choral dialectic must use the following four titles for its four movements: “Principle” - “Argument” - “Counterargument” - “Resolution”
Secretary Michael has begun working on a series of 6 choral dialectics, some of which are available now; the rest will become available as they are completed in future years. (Books available; check for free downloads: www.machinistsunion.org/works.html)

Aren’t We the Lucky Ones

A book-length story about a group of college science students who share an understanding that people don’t truly have a free will. There are no “good people” or “bad people”, just lucky and unlucky ones. This insight carries with it the responsibility to protect the “unlucky” from the wrath of the “lucky”. The students form a community in order to live out their ideals. (Book available - both paperback and digital).

Joy of Piggyback Songs

Dozens of fun, short choral works in which more than one melody is sung at the same time. Book (and free internet download) will become available after it is completed.

“Please help create public choirs that are free from religious and nationalistic content so that all singers feel welcome.”
